Brian,
Dear Mr. Atallian,

Words are inadequate in expressing my heartfelt appreciation for leading our first Quality of Life Workshop for the men and women of the Delaware National Guard.

Your "investing in you" program was well received and many favorable comments have gotten back to me regarding the value and relevancy of your presentation.

I'm also grateful for the meal you provided the attendees.

Your generosity knows no bounds and we are truly blessed by your benevolence. On behalf of all members of our Delaware National Guard and their families, who have a better understanding of home ownership and investments, I thank you most profoundly.

Sincerely,

Francis D. Vavala
Major General
The Adjutant General, Delaware
